Health equity or inequality?

The Patient Activist

Purpose of Healthcare

1 Promotion.

Maintains overall health through preventive measures and health education.

2 Treatment.

To alleviate suffering and restore health.

3 Equity.

To provide equitable access to medical services, reducing disparities in health outcomes.

4 Safety.

Protects public health and safety.
Clean environment for all.

5 Longevity.

Enhance longevity and improve the quality of life.

6 Innovation.

Advances medical knowledge and innovation through research, clinical trials, and the development of new treatments.

Imagine this...

How dare you?

Healthcare costs on the rise...

1. Ageing Population
2. Investments in Tech & Facilities
3. Chronic Diseases
4. Revenue Goals - $$$

Is “Sustainability” sustainable?
If so, for who?

- Higher service fees
- Cost of sustainable products
- Supply Chain costs
- Facility upgrades
- Regulatory compliances

++++++++++++++++++++++++++

FUTUR

WILL YOU… WILL YOU THINK ABOUT THE PATIENTS?
