CHILD
CHI LEARNING & DEVELOPMENT SYSTEM

SHARE, LEARN, DO

CHILD is the starting point for your healthcare innovation journey

CHILD is a **national, open-access & free** repository

CHILD hosts an expanding collection of **over 1,500 ideas** on healthcare innovation, improvement & productivity

STAY TUNED FOR OUR
LAUNCH IN Q4 FY2024

EXPLORE CHILD'S INTERIM SITE & REGISTER YOUR INTEREST HERE!

Brought to you by:
CENTRE FOR HEALTHCARE INNOVATION

A cross-sharing initiative supported by:
SingHealth   NUHS National University Health System   National Healthcare Group   AIC agency for integrated care   MINISTRY OF HEALTH SINGAPORE

CHILD's
KEY FEATURES

SHARE
and contribute to the CHILD collection of projects with other innovators across the healthcare sector

LEARN
from other projects in our collection to catalyse your own project & avoid pitfalls

DO
by collaborating as a Community of Practice (CoP). Get connected in online forums on your topics of interest

SHARING
An open repository of knowledge - Projects, Problem Statements, Toolkits submitted by Project Owners cross-cluster/ institutions (and beyond)

INTELLIGENT SEARCH
Faceted & intuitive search function layered upon bespoke taxonomy

USER PROFILES
Individual profiles specifying interests, allowing people to connect with each other on common interests

UPLOAD DOCUMENTS
E.g. documents, videos, images, audio

OPEN CHAT FORUM
Ability to leave comments

COLLABORATION & CREATION
A space where like-minded individuals and institutions connect and collaborate through virtual Communities of Practice (CoPs) and chat Forums.

ACCESS ONLY GROUP
with CoP lead admin that grants access rights

CHAT FORUM
Ability to leave comments

UPLOAD DOCUMENTS
E.g. documents, videos, images, audio

Visitors of CHILD website would be able to view the **number of live CoPs**

Aim for CoPs to produce short articles e.g. **'CoP wikipedia'** that summarizes some of the discussions that have taken place in the CoPs (to be published publicly)
